

CURRICULUM

Core Courses | 24 units

Biostat 201	Fundamental of Biostatistics	3
Biostat 206	Research Methods	2
Epi 201	Principles of Epidemiology	3
EH 201	Principles and Methods of Environmental Health	2
EH 202	Environmental Health Practice	2
PH 205	Environmental Epidemiology	2
EH 207	Environmental Toxicology	2
EH 215	Environmental Health Policy	1
EH 297	Seminar I	1
OH 204	Environmental Physiology	2
PH 201	Man, Health and Environment I	2
HPAd 201	Principles of Health Administration	2

Elective Courses | 10 units

EH 203	Environmental Chemistry	2
EH 204	Instrumental Methods of Chemical Analysis	2
EH 205	Biological Aspects of Water Supply and Water Pollution	2
EH 208	Air Pollution Epidemiology	2
EH 209	Radiological Health	2
EH 210	Hospital Sanitation and Safety	2
EH 211	Hazardous and Toxic Waste Management	2
EH 212	Introduction to Environmental Health Impact Assessment	2
EH 214	Environment Health Service for Emergencies	1
EH 216	Introduction to Environmental Economics	1
EH 299	Special Studies and Research	3
OH 203	Industrial Toxicology	2
OH 211	Industrial Safety	2
OH 205	Environment Pollution	1
OH 207	Health Maintenance in Industry	1
PH 204	Occupational Epidemiology	2

Other elective courses may be taken from other departments with CPH or in other colleges subject to the consent of the adviser.

Thesis 6

ACADEMIC INFORMATION

Schedule of Semesters:

1st Semester: August to December

2nd Semester: January to May

Short Session: June and July (6 weeks)

***English is generally used as the medium of instruction.*

Number of Units:

Full-time: 12-15 units/semester

Part-time: 3-6 units/semester

Midyear: 6 units

Fees:

Tuition Fee: P990.00/unit

Library Fee: P1,050.00

Other Fees: P350.00/semester

Processing Fee: P300.00

Additional Fees for Foreign Applicants:

Processing Fee: US\$ 30.00

Educational Development Fund: US\$ 500.00

(US\$100.00 for residency only)/semester

***Average Tuition Fee for 15 units is P16,250.00*

Submission of Applications:

1st Semester: February until the last working day of April

2nd Semester: September until the last working day of October

The following are the grade requirements for each student to be of good standing in the program:

- 1) General weighted average of 2.00 or better;
- 2) Weighted average of 2.00 or better for the major/required courses; and
- 3) No grade of 5.00 in any academic course.

***A maximum of 5 years is given to a student to finish the program.*

Mode of programme offering:

1. Regular
2. Saturday Class

Living accommodations for students may be provided in privately-owned housing units/dorms/apartment hotels. Dorms offer lodging and/or board. There are privately-owned eateries around the school.

PROGRAM DESCRIPTION

The Department of Environmental Health together with the other departments of the College of Public Health, students are able to obtain a better understanding of the complex relationship between man, his environment and the necessary measures for the prevention of disease and the promotion of health. The Department of Environmental Health aims to provide graduate and undergraduate instruction in the environmental health sciences and in the study, evaluation and control of environmental health problems. These are research opportunities for those who wish to work in the broad field of environmental health. Through specific research, the Department contributes to knowledge, thereby enhancing the understanding of the environmental hazards affecting human health.

PROGRAM OBJECTIVE

A graduate from the program should be equipped with the necessary knowledge and skills to:

- Recognize the different environmental hazards and their environmental and health effects;
- Apply principles and methods of controlling environmental hazards health effects;
- Plan and conduct environmental and health impact of development projects; and
- Formulate an environmental health program.
