PROGRAM DESCRIPTION

The Master of Science in Clinical Medicine (Medical Oncology) is a first of its kind in the Philippines. It provides opportunities to acquire knowledge to become not only a clinical specialist but also an educator, a research expert and a community, hospital, program or project health director. This graduate degree course creates a learning environment intended to develop medical internists into medical oncology specialists as well as health managers with broader knowledge and extensive skills with the thrust for continuous improvement.

PROGRAM OBJECTIVES

Graduates of this program are expected to be able to demonstrate in-depth knowledge, adequate skills, proper attitude and values in:

- Diagnosis, medical treatment, prevention and control of neoplastic diseases;
- 2. Research in cancer medicine, prevention, and cancer control program; and
- 3. Implementation of quality management and organization development/planning to achieve total quality care of cancer patients in the tertiary and community settings.

ACADEMIC INFORMATION

Schedule of Semesters: 1st Semester: August to December 2nd Semester: January to May Midyear: June and July (6 weeks)

Number of Units: Full-time: 9-12 units/semester Part-time: 1-8 units/semester Midyear: 1-6 units

Fees: Tuition Fee: P990.00/unit Library Fee: P1,050.00 Other Fees: P350.00/semester Processing Fee: P300.00

Additional Fees for Foreign Applicants:

Processing Fee: US\$ 30.00 Educational Development Fund: US\$ 500.00 (US\$100.00 for residency only)/semester

Submission of Applications:

1st Semester: February until the last working day of April 2nd Semester: To be announced if offered

The following are the grade requirements for each student to be of good standing in the program:

- 1) General weighted average of 2.00 or better;
- 2) Weighted average of 2.00 or better for the major/required courses; and
