S. 2023

PROGRAM DESCRIPTION

The Master of Management (MM) currently being offered in UP has three areas of competencies: Public Administration, Business Management and Educational Management. All students enrolled in any track will take 9 units of core courses, 18 units of the required courses and 9 units of electives/cognates, with a total credit units of 36 before taking the comprehensive examination.

PROGRAM OBJECTIVES

Management graduates are needed in the public and private sectors as well as in non-government organizations and people's organizations to craft and supervise activities to advance programs at the macro and micro levels. Graduates of bachelor's degrees who are already employed find a need to develop management skills to make them better equipped for their jobs. Hence, to help in meeting these needs, UP Manila is adapting a system wide graduate program in management.
