## PROGRAM DESCRIPTION

The Master in Health Professions Education (MHPEd - Professional Track) program is specifically designed to improve both theoretical and practical competencies of health professions educators in their various roles as facilitators of learning, curriculum and assessment instructional designers, student evaluators, administrators and educational leaders, and researchers. At the end of the program, MHPEd graduates are expected to complete a capstone project.

## PROGRAM OBJECTIVES

1. Communicate effectively in written and oral forms about matters pertaining to health professions education.
2. Demonstrate professionalism, cultural competence, and the ability to collaborate with other health professionals.
3. Exhibit nationalism and internationalism in the practice of the teaching profession.
4. Develop context-based macro and micro-plans for health professions education.
5. Demonstrate advance teaching skills based on best evidence.
6. Demonstrate effective educational leadership abilities and administrative skills.
7. Evaluate educational programs and studies.
8. Utilize relevant evidence when planning, conducting, and evaluating HPEd programs.
